

DELUXE METAL DEMOUNTABLE BUNK BEDS

These durable demountable bunk beds are ideal for residence hall use. They can be stacked as a bunk bed or demounted into single beds for the ultimate in flexibility. The sleeping surface is made of a sturdy 9 gauge sinuous wire deck. Heavy welded assemblies are made of 1 ¼" rolled steel.

Made with wedge lock brackets for quick assembly. Shown below with optional tubular steel guard rail and ladder.

Master Stacker heavy duty demountable bunk bed shown with optional ladder and rail.

Master Stacker single bed

Available in multiple sizes including 36" x 80" and 39" x 76"
